INTERTEXT has 30 years of experience in providing comprehensive language communication services.

INTERTEXT is a multilingual service provider with **30 years' experience** and one of the leading translation brands in Poland. We provide multilingual communication support to over **500 companies in Poland and around the world.**

Our team of in-house employees and over **600 translators specialising in various fields and languages, reviewers, proofreaders, editors, graphic designers and IT specialists** has enabled us to grow into a leading translation management company.

At INTERTEXT, we use **innovative solutions** in all we do: from management, recruitment and customer service to state-of-the-art technologies applied in the translation process. This makes us able to meet the expectations of our most discerning customers who increasingly expect global, professional, flexible, quick and cost-effective service.

Our team is committed to ensuring that every translation is prepared by specialists, experts in their respective fields, working in over 400 language pairs, always in compliance with the strictest quality standards, **ISO 9001:2015** and **ISO 17100:2015.**
